SubliJet® R

The Sawgrass® Sublimation ink solution is a next generation innovation, a GEL sublimation ink created for the GX5050N called SubliJet-R™. This cutting edge printer utilizes large cartridges, which contain 60ml of ink. You don't need to fool around with the bulk system anymore! A four-color printer means you only have to purchase 4 cartridges, enabling a savings in initial purchase ink cost. Easy Flow™ or Quick Connect™ systems are unnecessary as the ink delivery system is built-in.

- ◆ Utilizes proven reliability of SubliJet-R inks – formulated specifically for the GX5050N – to consistently produce bright, vibrant, accurate colors.
- ◆ Environmentally friendly, water-based inks
- ◆ New, higher-viscosity formulation is dialed in for peak performance on the unique print head.

- Print speed of 30 ppm
- Standard 250-sheet paper tray
- Standard 64 MB memory
- ICC Profile: All trays and all sizes supported by the printer.

The DyeTrans GX5050N is expandable by adding additional paper trays. Adding the Paper Feed Tray creates three possible paper paths, enabling you to load this wicked fast printer with three different types of paper at once, thereby increasing your shop output in such a way as to meet the demands of your business.

- ◆ Power Source - 100-120V, 50/60Hz
- ◆ Warm-Up Time - 40 seconds or less
- ◆ Power Consumption - 75W or less
- ◆ Energy Saver Mode - 10W or less
- ◆ Paper Capacity - Up to 250 sheets
- ◆ 500-sheet paper feed unit
- ◆ 100 sheet Multi-Bypass Tray
- ◆ Output Capacity 150 sheets (face up)
- ◆ Paper Size - 8.5" x 11", 8.5" x 14", A5, A4, B5
- ◆ Paper Weight - 16-42 lb
- ◆ Acceptable Paper Types - Recommend DyeTrans™ SPP Sublimation Paper
- ◆ Safety Regulations - UL50950, FCC, Class B

Low Maintenance

- ◆ Self-cleaning feature for peak printhead performance

Printer Compatibility

- ◆ Ethernet and Standard USB 2.0 interface Works With MAC, Windows XP and Vista (32-bit)

Minimum System Requirements

- ◆ Pentium 4 – 3.0 GHz or Athlon XP 3000+ processor - 200 MHz
- ◆ 1 GB RAM is the minimum recommended memory. 2 GB RAM or more is highly recommended for larger documents with higher resolution settings.
- ◆ Specified operating temperature of the printer is 65-80 degrees F with 40-60% relative humidity.

Width 19.7 in Depth 19.3 in
Height 10.3 in Weight 34 lbs

Condé Tested Print Speeds	
Printer	8.5" X 11" Paper
Epson 1400	1:51
Epson 4880	1:45
Epson 4800	1:48
GX7000	:25
GX5050N	:12

The DyeTrans™ GX5050N is comparable to another desktop model offered by Condé, the Epson C120. Pricing is comparable, with the EZ Flow Ink Supply System, the C120 is the same pricing as the GX5050N, yet not as fast, nor as easy to set up and operate.

The DyeTrans™ GX5050N

engine by Ricoh®

P/N #405521

The GX5050N printer combines the best qualities of inkjet and laser printing. It delivers laser-like color output for a very low cost per page. The output speed is equivalent to that of most laser printers, and far exceeds that of most ink jet printers.
