

# DK3

## Digital Knight Digital Mug Press

The DK3 Digital Mug Press is a full wrap-around, handle to handle, top-to-bottom printing mug press. It can press images up to 5" high, and as close as 1/2" from the handle, depending on the mug size. The DK3 is fully adjustable, accommodating all mugs available on the market. The solid steel framework and die-cast heavy pressure clamp assembly provides an industrial grade framework for full bleed transfers on even the most demanding mugs.

As with all Digital Knight presses, the DK3 utilizes a state of the art digital control system with an unprecedented 3-year warranty on the heat-control electronics. With digital temperature, time and programmable presets, cycle counter and many other features, the consistency and productivity of mug printing is maximized.

At the heart of the DK3 is the SuperCoil Microwinding™ heater technology. This patented stainless steel mug heater band technology winds tightly and closely together throughout the entire platen for extremely even heat, fast recovery & fast heat up times. The DK3 will start up in only a few minutes, and runs constantly at the set temperature. Unlike other mug presses that use silicone blankets with short lifespans and even shorter warranties, the DK3 boasts an amazing 3-Year / 10,000 mug warranty.

For the absolute best at an amazing price, there is no better solution for pressing mugs than the DK3 Digital Mug Press.

### Features & Specifications

- Fully digital temperature control
- Automatic digital timer
- Programmable presets
- SuperCoil-Microwinding™ heater technology
- Accommodates all standard mug sizes
- Records number of pressing cycles done
- 3-year/10,000 cycle warranty on heat platen
- 3-year warranty on control
- 1 year warranty on entire press
- Elec: 120V-450W-4A / 220V-450W-2A
- Dims: 13"L x 15"W x 15"H - 30 lbs
